

# Quoting How-to Guide

Thank you for contacting Pimp My Windows for a quotation on your new windows.

This can be done by either PMW visiting or by enlisting your help to get the basic details required.

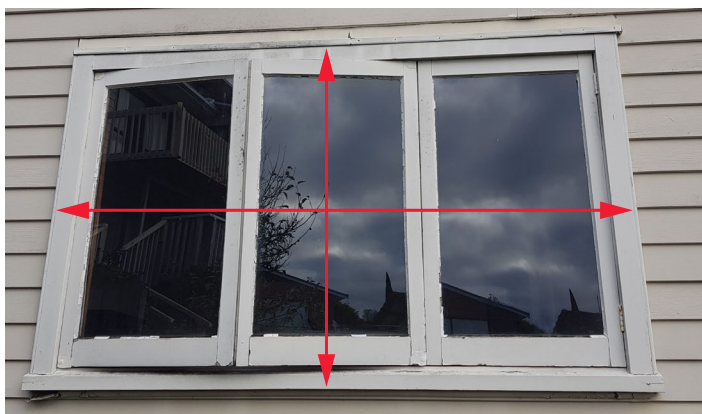

We can usually provide you with a budget costing within a week of receiving this information.

If you do require PMW to visit then it may be a week or so before we are available so we do recommend sending us the information yourself as you will most likely receive your budget estimate sooner.

Specific details can be confirmed at a later date once you indicate that the job is likely to proceed.

## What we need from you

- 1) A picture taken from the outside of each window
- 2) The approximate height and width dimensions

- 3) The location of the window. *For example; Bedroom, Lounge, Kitchen etc*

## Questions

- 4) Are you wanting the new windows double glazed. If yes the clear or tinted glass?
- 5) Are you wanting to change the configuration / style of the windows or doors?

## Email us

Once you've collected the above information; please email it to us at [pmw.install@gmail.com](mailto:pmw.install@gmail.com)
